## AI Recommendations

01

### What's Missing

The website has reasonable digital presence but there are clear opportunities for improvement across multiple dimensions.

02

### Why Improvement is Urgent

Regular improvements to design, performance, and SEO are necessary to stay competitive in today's digital-first landscape.

03

### How Conversions Will Improve

- Improve page load speed to reduce bounce rates significantly
- Add clear calls-to-action above the fold on every page
- Optimise mobile experience for on-the-go conversions
- Implement live chat or chatbot for instant customer engagement
- Add social proof elements like testimonials and case studies

04

### Why a Redesign is Needed

The website quality score indicates significant room for improvement in design, usability, and UX. A modern redesign would enhance aesthetics, load times, and conversion rates simultaneously.

05

### Why SEO is Essential

SEO is essential for any business wanting to be found online. Even foundational SEO improvements lead to measurable increases in organic visibility and qualified leads.
