SUGGESTED PITCH ANGLES

- REDESIGN

 Their website needs a modern redesign — pitch a conversion-focused redesign that reflects their brand.
- SEO SERVICES

 Strong opportunity for organic growth through SEO optimization and keyword strategy.
- LOCAL SEO

 Help them dominate local search results with hyper-targeted local SEO campaigns.
- LEAD GENERATION

 Offer industry-specific lead generation services to bring qualified prospects to their doorstep.

What's Missing

The website has reasonable digital presence but there are clear opportunities for improvement across multiple dimensions.

Why Improvement is Urgent

With over 60% of web traffic coming from mobile devices, a non-mobile-friendly website is actively driving away potential customers every day.

How Conversions Will Improve

- Improve page load speed to reduce bounce rates significantly
- Add clear calls-to-action above the fold on every page
- Optimise mobile experience for on-the-go conversions
- Implement live chat or chatbot for instant customer engagement
- Add social proof elements like testimonials and case studies

Why a Redesign is Needed

The website quality score indicates significant room for improvement in design, usability, and UX. A modern redesign would enhance aesthetics, load times, and conversion rates simultaneously.

Why SEO is Essential

Strong SEO opportunity identified. Proper optimisation can drive consistent organic traffic, reduce acquisition costs, and build long-term digital assets with compounding returns.
