## SUGGESTED PITCH ANGLES

### REDESIGN

Their website needs a modern redesign — pitch a conversion-focused redesign that reflects their brand.

### SEO SERVICES

Strong opportunity for organic growth through SEO optimization and keyword strategy.

### LOCAL SEO

Help them dominate local search results with hyper-targeted local SEO campaigns.

### LEAD GENERATION

Offer industry-specific lead generation services to bring qualified prospects to their doorstep.

## AI Recommendations

### What's Missing

The website has reasonable digital presence but there are clear opportunities for improvement across multiple dimensions.

### Why Improvement is Urgent

With over 60% of web traffic coming from mobile devices, a non-mobile-friendly website is actively driving away potential customers every day.

### How Conversions Will Improve

- Improve page load speed to reduce bounce rates significantly
- Add clear calls-to-action above the fold on every page
- Optimise mobile experience for on-the-go conversions
- Implement live chat or chatbot for instant customer engagement
- Add social proof elements like testimonials and case studies

### Why a Redesign is Needed

The website quality score indicates significant room for improvement in design, usability, and UX. A modern redesign would enhance aesthetics, load times, and conversion rates simultaneously.

### Why SEO is Essential

Strong SEO opportunity identified. Proper optimisation can drive consistent organic traffic, reduce acquisition costs, and build long-term digital assets with compounding returns.
